

## TAKE ME HOME WINE TO GO LIST

Our collection of carefully chosen  
low-intervention, natural and biodynamic wines

## All of our wines are produced in a more natural and sustainable way than conventional wines.

Natural, or living wine is wine as it was always made, before wine became a mass-market global commodity; made with the addition of chemical pesticides and herbicides, commercial yeasts and chemicals, including the infamous sulphites, to create safe, reliable wine that tastes the same year after year, bottle after bottle, despite fluctuations in weather and climate.

We're not here for 'safe and reliable' and we don't believe in bland. Instead we believe in real grapes and the wonderful wines they can produce when allowed to become an expression of the place - or 'terroir' - in which they grow.

We focus on wines from grapes and winemakers that go their own way: viticulture that encourages biodiversity of soil and wildlife, with (at minimum) organic practices in the field. These wines we love are fermented using natural and indigenous yeasts and are lovingly crafted in the cellar with minimum intervention and much lower, or no, sulphites.

#### Case at a Pace

**We have launched our new Case At A Pace buying option.**

Buy any 12 bottles from us, we'll get them to you within 7 days (often quicker) and you'll get 10% off plus free local delivery across St Leonards, Hastings or Bexhill. Nationwide delivery is also available for £10. Or we can arrange a time for you to collect if you'd rather. With already low take out prices, this means some seriously great value natural wine and an easy way to keep your home supplies stocked up.

#### **So, what's in it for us?**

As much as we love everyone popping in to buy bottles and sending out hasty wine at the last minute (which we can still do - don't worry!), giving us time to process these orders allows us to buy in from our small suppliers - some of whom don't work every day - and keep stocks up, plus we can pair deliveries up so we save on transport costs and fit them around our staffing schedules. We'll often be able to get orders out in a day or two, but it will always be within a week and we'll be in touch to arrange suitable delivery times.

**So, to order... Simply browse our selection and make your choices, then either email us [hello@farmyardwine.com](mailto:hello@farmyardwine.com) or message/call our order line 07807986964.**

*Dominio del Urogallo, Albarin/Albillo, 2017, Asturias, Spain, 13%*  
 Savoury and searingly fresh with a stoney minerality and a saline finish - plus just a dollop of round creaminess. Pure and pleasing. The label is dedicated to the 'robotic' local wine establishment that these growers are taking on, and by the taste of it we'd say they're winning.

- Attention Chenin Méchant** 23.5  
*Nicolas Reau, Chenin, 2018, Loire, France, 12%*  
 Another Chenin, another stunner - but something very different from Nicolas Reau's on tap grapes. An elevated, light and expressive wine with citrus and apple flavours, some creaminess and racing acidity. Beware of the Chenin, the label says, and you can see why - addictive, salivating stuff.

 A truly stand-out version of this Galician classic, this Albariño is made from 30 to 60 year-old vines with only low quantities produced, creating a very pure expression of this good time grape - saline, fresh, precise and clean. Sunny sea air in a glass.
- 26**
- Fossil Branco**
- Vale da Capucha, Gouveio/Fernão Pires/Arinto, Lisboa, Portugal, 12.5%*  
 Dry, crisp, creamy and mineral with a citrus twist and a delicate touch of grassiness, this is Portuguese Chablis and a stunner in the sunshine. Beauty, balance and elegance all round.

- Céline et Laurent Tripoz, Chardonnay, 2018, Macon-Loché, Burgundy, 13%*  
 Classic yet contemporary, sexy and superb - this Bourgogne Blanc is made with minimal intervention but maximum care. Seeringly fresh, super creamy, clean and classy with plenty of punch. A Chardonnay lover's biodynamic booty call.

- Slobodne Jantara (skin contact/orange)** 30  
*Slobodne, Sauvignon Blanc/Hlohovec, Slovakia, 2017, 12%*  
 The word slobodne means 'free', referencing the relatively recent freedom of Slovakia. Siblings Agnes and Katrina ditched their city jobs in Bratislava and returned to their family farm, partners in tow, and began making experimental natural wines. Bold flavours of tangerine, elderflower and quince create a wine with flavours as enthralling as its history.
- Miss Terre Muscadet (very low sulphites)** 30  
*De la Sénéchalière, Melon de Bourgogne, 2018, Loire, France, 13%*  
 A Muscadet to rival all others. Bright, vibrant, earthy and creamy, this elegant beauty is aged on its lees for 9 months, and you can tell. Perfectly rich and intense - a saline sensation.
- Calcarius Nu Litre Orange (1 litre) (skin contact/orange)** 31  
*Progetto Calcarius, Falanghina, 2018, Puglia, Italy, 11%*  
 Juicy ripe peaches and blood orange soda with a touch of almond and a spritz of citrus - this big-bottled beauty is Puglia poured into a glass. Sunny, bright and simply delicious.
- Uberrima Palomino (oxidative)** 31  
*Bodegas Cota 45, Palomino, 2018, Jerez, Spain, 11%*  
 Winemaker Ramiro Ibáñez Espinar looks to the past and the future with his pioneering wines that use age-old techniques and heritage varietals in modern ways. He also breaks all the rules by making what are effectively unfortified sherry wines. This is an unfortified manzanilla - salty, acidic, rich and convivial. It's just less strong, so you'll want to drink more.
- Metamorphika Chenin (very low sulphites) (amphora)** 33  
*Costador, Chenin, 2016, Conca de Barberà, Catalunya, 13.5%*  
 This Catalanian, amphora-aged Chenin is wild of spirit and full of fire. Our favourite grape's strong acidity and characteristic creaminess, with a herbaceous umami finish that will have you coming back for more. And as for the ceramic bottle...
- Léon Jura Chardonnay (biodynamic methods) (oxidative)** 34  
*Les Bottes Rouge, Chardonnay, 2015, Arbois, Jura, France, 12.5%*  
 Nutty and robust, this oxidative Chardonnay from Jura sings with under flor notes and sherry-like characteristics, brightened by refreshing touches of peach and the grape's trademark creaminess. Different and delicious.
- Cloud Walker (no added sulphur dioxide) (skin contact/orange)** 35  
*Cambridge Road, Pinot Gris / Riesling, 2018, New Zealand, 13%*  
 Cloudy, light and bright with soaring acidity, a little floral sass and ripe burnt honey and peach notes - a sensational and supple natural number that will leave you on cloud nine.

- Little Bastard (no added sulphur dioxide)** 36  
*Staffelter Hoff, field blend, 2017, Mosel, Germany, 11.5%*  
 Unfiltered, funky and searingly fresh, this big juicy wine is named as it's a right old blend in an area that doesn't - or at least didn't - really do blends. Rich but bright and light, if life's a bitch, grab a bastard and make it better.
- Sister's Kisi (qvevri) (skin contact/orange)** 36  
*Jane Okruashvili, Kisi, 2017, Kakheti, Georgia, 14%*  
 This amber-coloured wine aged in qvevri comes from Jane Okruashvili, a trained political scientist and also the sister of winemaker John Okruashvili. Made with seven months skin and stem contact, the result is powerful tannins set against fresh notes of melon and apple. A Georgian gem.
- Tillingham Pinot Blanc East Sussex** 37  
*Tillingham, Pinot Blanc, 2018, East Sussex, England, 12%*  
 A Pinot Blanc from Sussex? Why not. Another beauty from the team at Tillingham. Autumn pear and crisp apple, a spritz of lemon and a glorious freshness that gives way to a mineral, slightly nutty backbone. Perfect paired with our abundant local produce.
- Si Rose (biodynamic) (no added sulphur dioxide) (skin contact/orange)** 38  
*Christian Binner, Pinot Gris/Gewurztraminer, 2016/7, Alsace, 14%*  
 Made from a blend of Pinot Gris and Gewurtz, which both lend a pink hue when rested on skins, and a 50/50 blend of two years' vintages, the name of this mad-cap and deliciously tannic wine from Binner references both its rosé colour and (more darkly) cirrhosis of the liver. Nothing added, nothing lost.
- Foudre a Canon Savagnin (no added sulphur dioxide) (biodynamic methods)** 39  
*Domaine de la Borde, Savagnin, 2018, Pupillin, Jura, France, 12.5%*  
 Bright, vibrant citrus notes and addictive high acidity rule supreme in this nutty, mineral and just lightly oxidative white Jura which has a long finish and a seductive charm. Savagnin lovers, rejoice.
- Selves Chenin** 40  
*Nicolas Carmarans, Chenin, 2016, Aveyron, Languedoc, France, 11.3%*  
 Gorgeous grapes from the former owner of one of our favourite Parisian wine bars, Café de la Nouvelle Mairie, who decided to make the wine he wanted to drink. He succeeded in making this elegant, robust Chenin - bursting with flavours of melon and tropical fruit met with notes of smoke and salty minerality. He made the wine we want to drink too, and we're not the only ones!
- Terre du Lias Jura Chardonnay (biodynamic methods)** 40  
*Domaine de la Borde, Chardonnay, 2018, Pupillin, Jura, France, 12.5%*  
 A powerhouse of cream and acidity, this lemony, appley and slightly saline wine is a real treat for the senses. Excellent minerality and beautiful freshness. Jura meets Burgundy meets Bloody Amazing.

- Macération (biodynamic) (no added sulphur dioxide) (skin contact/orange)** 42  
*Pierre Frick, Pinot Gris, 2017, Alsace, France, 13.5%* Non-binary wine. This beauty drinks like a red, is made like an orange, with white grapes and a rosé pink hue. Robust but light with grape stem flavours, you could think it was a Pinot Noir rather than a Pinot Gris. A fine reminder never to judge a grape by its colour.
- Jean-Baptiste Ponsot Rully** 44  
*Jean-Baptiste Ponsot, Chardonnay, 2017, Burgundy, France 13%* Crisp and dry with a creamy texture, this is a stunning Bourgogne Blanc at its best. Rich and buttery with flavours of yellow plum, hazelnuts and green apple, take one sip to be seduced by its voluptuous charm.
- Plume d'Ange Sauvignon (biodynamic) (skin contact/orange)** 51  
*Les Cailloux de Paradis, Sauvignon Blanc, 2017, Loire, France 12.8%* Barrel-aged with a little skin contact, this wild wine is far from the Loire Sauvignon you'd expect. Fantastic texture, ripe liquorice flavour, just a touch of oxidative qualities, high acidity and a long finish. Just fantastic.
- L'O2 Chenin Voile (biodynamic) (oxiditive) (skin contact/orange)** 56  
*Claude & Etienne Courtois, Sauvignon Blanc, 2017, Loire, France 12.8%* Barrel-aged with a little skin contact, this wild wine is far from the Loire Sauvignon you'd expect. Fantastic texture, ripe liquorice flavour, just a touch of oxidative qualities, high acidity and a long finish. Just fantastic.
- 3 Terres Chenin (biodynamic, no added sulphur) Domaine des Roches Neuves, Chenin, 2013, Loire, France, 12%** 71  
This wine is made by what we like to think of as a Loire super group. The observant among you will know that the Loire is our favourite wine region, and two of its most legendary natural winemakers crop up a fair bit on our list: Nicolas Reau (he makes our top chenin as well as many more) and Thierry Germain (Saumur-Champigny and others). The two have teamed up with another great winemaker, Michel Chevré, who worked with Thierry, to create this epic Chenin. The wine is made with three different lots of grapes grown in each of the winemakers vineyards, and aged in a single 400-litre Italian amphora that Thierry buries in his deep cellars for 8 months. It is then pressed to an old barrel where it remains on its lees for 12 months before being bottled. No sulphur is used at any time. Expect high acidity, tropical notes and plenty of cream. Chenin at its very best.

- Château Plaisance Rosé (biodynamic methods) £16** **13.5**  
*Chateau Plaisance, Négrette/Syrah/Gamay, 2018, Gascony, France, 12.5%*  
 Dry and lively, this all-too drinkable rosé is best paired with giggles and good times. Coming from a family-run biodynamic vineyard, its story is just as pure: it's unfiltered, whole-bunch pressed and made without use of any fertilizers or weedkillers.
- Volubilia Gris Rosé** **15**  
*Domaine de la Zouina, Caladoc/Mourvedre/Marselan, 2019, Meknès, Morocco, 12.5%*  
 Grown at high-altitude, you'd guess this straw pale rosé was from southern France but it's actually from Meknès in central Morocco, not far from Fes. Delicate and elegant with great minerality, it's easy drinking on its own, or a perfect match for aromatics and spice.
- L'apostrophe Rosé de Provence** **21**  
*Domaine Les Terre Promises, Grenache / Carignan / Cinsault, 2017, Provence, France, 13.5%*
